

# THE SORCERER

Magazine of the Derby Magic Circle

ISSUE 46

JANUARY

2020

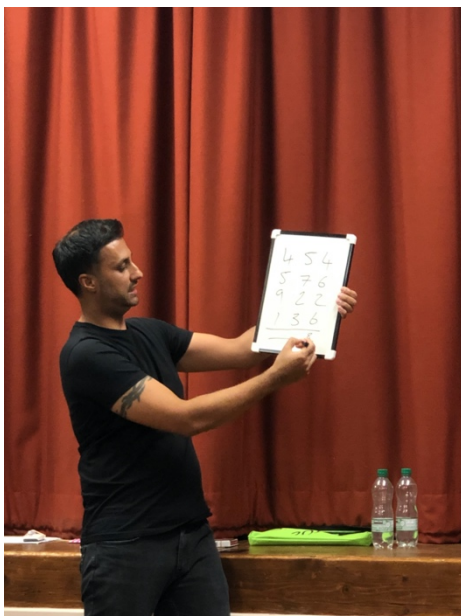

At the start of this month's meeting, Allan Humphries (Secretary) unveiled the latest in the GDPR saga! We now have a form to fill in, it is the same form as the application form to join the circle, you should all have had it attached to the sorcerer at some point. Please print off fill in and return. The AGM in March is your opportunity to hear about the year and put yourself (or someone else) up for nomination for the committee. Fill out a nomination form with two nominators. You can also apply to be President Elect (must have been a member for 5 years). These must be returned by the next meeting night

This month's lecture came from Vinny Sagoo, from Neo Magic. I think I would be joined by most people present in saying that Vinny was a very nice guy. His lecture style was the typical, trick / explain / trick / explain which we are used to. All the effects he showed us were usable and easy to do, which was a pleasure to see.

His book test (Mystify) put a novel spin on the traditional methods and members of the circle were able to perform it straight out of the box! There were a lot of card tricks that were maths heavy but workable and a couple of really nice packet tricks. His website <https://www.neomagic.co.uk> is well worth a visit, although you won't get as fabulous a deal on his products as you would have at the lecture. Vinny will be at Blackpool with a stand, do go and visit him!
