

From the Archives of Derby Magic Circle

The Derby Magic Circle Emblem combines magical emblems with those of the local civic authority, consisting of a magic wand protruding from a magician's hat, flanked by two stags from the arms of the City of Derby

THANK YOU

A BIG thank you goes out to Brian Ordish. Brian is our Roadie, transporting and setting up the equipment. Without Brian's help, this work would be left for the performer to do.

A Message from our President

Welcome to all members.

Members enjoyed a great lecture from the World class Magician Jon Allen. "What a great start to the Presidential year".

As mentioned previously, we are putting together arrangements for the Annual Dinner/President's Night. This is the event that isn't well attended by members. We are looking at having a hot buffet instead of a Silver service meal, as we did for Tony's President Night. This will keep the costs of the tickets down and hopefully encourage more members to attend the evening. Again your feedback will be gratefully received.

Famous Magicians of the World

Howard Thurston (July 20, 1869 - April 13, 1936) was a stage magician from Columbus, Ohio, United States. His childhood was unhappy and he ran away to join the circus, where his future partner Harry Kellar also performed. Thurston was deeply impressed after he attended magician Alexander Herrmann's magic show and was determined to equal his work. He eventually became the most famous magician of his time. Thurston's traveling magic show was the biggest one of all; it was so large that it needed eight train cars to transport his road show.

Robert Harbin (born Ned Williams 14 February 1909 Balfour, South Africa - 12 January 1978 Westminster, London, UK) was a British magician and author. He is noted as the inventor of a number of classic illusions, including the Zig Zag Girl. He also became an authority on origami.
